THE TIMES-VIRGINIAN

APPOMATTOX, VIRGINIA, THURSDAY MORNING, DECEMBER 23, 1926 — ESTABLISHED 1892

VERA

We are having a very cold wave hope the weather will moderate before Xmas.

This community was shocked to hear of the death of Mrs. Annie Robertson, of Richmond, she was brought here on the 17th for burial. Mrs. Robertson was well known in this community where she lived most of her days

Postmaster R. W. Abbitt was a visitor in Lynchburg last week.

The Hatchers have returned back home I understand, we are glad to see them back, don't see why they wanted to go.

Mr. Lee Thornhill and familyr have moved near Liberty Chapel. r,

Mr H. W. Kinney reports everything fine in Florida.

Mrs. Chas. Seaston and son, of Richmond, spent several days around Vera last week.

We are sorry to say R. D. Abbitt, of Vera, is no better his condition remains the same.

The way cars sing around here night and day; marriages will soon follow, no doubt.

Mr. Jud Kinney has a very sick child.

Mr. A. C. Franklin is very sick at this writing.

Mrs. W. B. Davidson is visiting her son, Supt. D. N. Davidson, of Rhodesville.

U will not be able to eat so many potatoes this year and on an average you will have to pay more for what you eat, according to the Sears-Roebuck Agricultural Foundation. While there will be 25,000,000 bushels more potatoes than last year, the prospective crop of 352,000,000 bushels is still 50,000,000 short of the five-year average. Farmers devoted 3,202,000 acres to potatoes this year, the Foundation finds, and according to the latest official reports, these should yield on the average 110 bushels per acre. In 1925 the yield was only 103.5, while in 1924 it was 127 bushels. The present prospects are for a crop 15 per cent below normal. Based on studies over a period of 28 years, the Department of Agriculture indicated that prices will be about 37.5 per cent above normal, and while prices are expected to be higher, the extreme high prices of a year ago are not likely.
